

Great Science Share for Schools

2024

Sir Edmund Hillary Academy
are taking part in The Great Science Share for schools .
The Great Science Share is an annual campaign spotlighting young people's
scientific questions culminating in a celebratory day on

Monday 17th of June 2024 .

This year's theme is Sustainability and this something we are incredibly
passionate about here at Sir Edmund Hillary.

Therefore, we would like to share our Science learning with you

from 3pm in our classrooms.

We look forward to seeing you.
