

# Hillary Herald 4th October 2024

---

*The term is racing on and I am proud everyday of how our children interact and support each other. This week we had a media crew in school to create a video and take photos for our new school website that is online and under development. The crew commented on what polite and enthusiastic children they had met and how there was a real sense of care and community from everyone they had met. What a lovely impression of our school. Look out in the coming weeks for new photos appearing on our website.*
