# Safeguarding Newsletter

Online Safety

Dear Parent/Carer,

Welcome to the first edition of our safeguarding newsletter. This newsletter is designed to support parents in deepening their understanding of topical safeguarding issues. Safeguarding children is the action we take to promote the welfare of children and protect them from harm. Safeguarding is everyone's responsibility.

With Christmas nearly here and with some children receiving new technology or related games, here is a quick reminder how to ensure your child is safe online.

5 Top Tips!

1. Monitor screen time
2. Maximise parental controls
3. Set clear ground rules
4. Explore the online world with your child
5. Remember it is okay to ask for help!

Chat to your child regularly about what they are doing online and as always, remind your child that if anything is worrying them then they should talk to you or another trusted adult.
